Sub: Irresponsible handling of Higher Pension related job on employer side - Protest letter from AIGETOA CTD.

Respected Sir,

You may be well aware on the Supreme Court judgement on EPF pension on actual wages. From last six months, we're in continues collaboration with the Corporate Accounts section of CTD and extended every possible help to resolve this issue. The CA section has done their best, and we're thankful to them.

**But recently, from employer side, wages & pension related data are being asked from each employee. THIS IS TOATALLY UNJUSTIFIED. It shows the casual approach of the management on their part toward the most vital issue of a BSNL recruited employee, the social security.** The whole data must have been prepared by the employer in time bound manner. Our employer is showing their total failure over this matter. If the EPF related statutory amounts were submitted in timely manner and record keeping was done in a serious manner, we shouldn't have faced these complicacies.

Our request to you, sir, kindly take appropriate measures on this issue and resolve the same **ON AND ABOVE EVERY OTHER ISSUES.**

Thanking you in positive anticipation.
